June 2016

Thank you, family and friends, for your loving concern for us and your commitment to the progress of the gospel in Central Asia.

End of Year Highlights:

- * New directions and the start of Satellite Bible Colleges beyond Tatarstan made possible by Graham relinquishing some responsibilities and taking up new ones. It has been a period of continuity and change which has given new energy.
- * Having wonderful and steady support for the work. It is thrilling to feel that a 'home team' of family and friends is behind every teaching trip - caring and praying.
- * November saw the beginnings of an invigorating, new partnership with the minister of a church in Almaty, Kazakhstan. A highly successful Bible School was launched with the teaching of the Books of Moses to some 50 church leaders and pastors.
- * In January Graham and Juliet shared together in a teaching trip to the Mission College in Kazan. Local churches had requested teaching on marriage and family life which we gave in a Bible talk with following discussion. It was very well received and there have been a number of other requests so that we are now planning a day conference in October 2016.
- * Juliet's new part time work at Pennywell Farm has been fun and enriching in so many ways.
- * The academic year rounded off in May with Graham encouraging the 2nd year students from 2 Timothy to Guard, Live, Suffer and to Preach the Gospel. It was a moving time as we all prayed for each other and bid our farewells. Great opportunities and great difficulties lie ahead for each of them.

Hope you have a special and happy summer.

With our love,

Graham & Juliet
